The primary purpose of this document is to clarify the vision, mission, and values of BHVA's governing board (as stated below) and outline the rules and regulations that define the expectations of its residents for safe and healthy living.

**Role of the BHVA's Governing Board of Directors\***

**Our Five Basic Values**

1. Responsibility and accountability - assume the responsibility for all board actions and decisions, and remain accountable to the community
2. Integrity - uphold honesty and forethought in all matters before us
3. Service - consider it is a privilege to serve and represent our community
4. Respect - know that trust demands respects for those we serve
5. Communication - realize that open communication builds trust and confidence within the community

(\* Based, on part, from a motion approved by the BHVA board on July, 2010)

This document publishes, in abbreviated form, the principal agreements, and rules and regulations of the Bristol Harbour Village Association. By virtue of residence at Bristol Harbour, all homeowners, including short and long-term renters, agree in advance to observe the agreements, and rules and regulations, by the act of purchasing or leasing property subject to the BHVA Offering Plan.

The basis of these rules and regulations were created with appropriate agreements, conditions, restrictions, and common sense directed towards assuring a pleasing environment in which to live. The rules and regulations were also intended to assure consistency and uniformity amongst the residents.

Adherence to these rules and regulations is the responsibility of all Bristol Harbour Village (BHV) homeowners, tenants, and guests as they provide a standard for maintaining Bristol Harbour Village as an outstanding community where residents may enjoy living and where property values are protected. The rules and regulations are intended not to restrict BHV residents, but to clarify our collaborative role in stabilizing the community in which we live and for our mutual benefit; which will further the concept of “leisure time” living, by insuring pleasant, orderly, and sanitary surroundings.

In addition to the BHVA’s rules and regulation, individual condominiums and homeowners’ associations may have separate documents and guidelines pertaining specifically to their buildings or homes. Contact your homeowners’ association for further information.

### **Residential Agreements**

No professions or home industry may be conducted in any residential area without written BHVA board approval. In addition, within the Town of South Bristol’s zoning restrictions, the use of a single-family house for more than one family, or use of a structure other than the principal dwelling (house) for residential purpose(s) is/are not allowed without prior written approval from the Town of South Bristol.

### **Amendment Process**

The BHVA board and its committees, particularly the Environmental Committee, have full powers to construe and interpret the provisions of the BHVA offering plan; hence they can amend (or decline to amend) any of the foregoing rules and regulations, provided the result is not in clear conflict with the Offering Plan, the By-Laws, or state and local laws.

The By-laws themselves may be altered or repealed at any annual or special BHVA members’ meeting by a two-thirds majority vote of the total members belonging to the Bristol Harbour Village Association, provided the result does not violate the Offering Plan.

### **Enforcement Provisions**

Although there are a number of enforcement clauses, in practice they seldom come into play because all owners, renters, and tenants accept BHVA’s rules and regulations by the very act of buying or renting at Bristol Harbour.

Because most of these powers are seldom invoked, some may think this fact could be used to avoid them. To the contrary, in accordance with the Offering Plan, the failure to enforce a restriction “shall in no event be considered a waiver of the right to do so thereafter...” Nevertheless, when essential for the best interest of the community, the BHVA board and its committees have the right to enforce the rules and regulations hereinabove stated by invoking the provisions referenced herein. For additional information, see APPENDIX D - Schedule of Fines.

1. Forward a courtesy letter to the owner/violator detailing the infraction and applicable rule along with an applicable timeframe and procedure to rectify such infraction. Such courtesy letter may require owner/violator to respond in writing to the management office (Crofton Perdue Associates, Inc. c/o BHVA, 111 Marsh Road, Suite 1, Pittsford NY 14534) and /or the Environmental Committee referencing their rectification of such infraction. All responses, if applicable, would be required in the timeframe previously allotted/referenced in such courtesy letter.
2. Forward a demand letter, Certified Mail Return Receipt Requested, to the owner/violator detailing the infraction and applicable rule, along with a specific timeframe of not more than 48 hours for rectification, upon receipt of demand letter.

4. The management agent (Crofton Perdue Associates, Inc. c/o BHVA, 111 Marsh Road, Suite 1, Pittsford NY 14534) may enter the property where the affected unit is located to end a violation and shall further bill all costs incurred back to the applicable owner/violator, which shall be added to the regular monthly assessments for the affected unit(s).
5. Restrict the owner/violator as well as its guests and family members the right to use and enjoy the BHVA facilities, to file a variance request or Environmental Committee application and/or the right to exercise their vote as a resident of the BHV.
6. Place/file a lien on the property of anyone delinquent in paying BHVA charges or refusing to comply with an Environmental Committee decision, as approved by the BHVA board.

Other factors and/or circumstances may be taken into consideration by the BHVA board and its committees based upon the severity of the non-compliance infraction(s), how often the owner/violator is in non-compliance with the Rules and Regulations, and to what means and/or procedures have been taken to rectify the infraction in the past.

### **Environmental Committee**

The EC's responsibilities pertain to the exterior appearance and use of lots, structures, and modifications to them. The EC fulfills its responsibilities by following the dictates of the Declaration and the Board, promulgating its own rules, and considering requests for variances submitted by lot owners. Before starting any new construction or remodeling project, consult the EC documents and your Homeowners' Association documents (if applicable) for further information.

**STORM SEWERS** – There may be certain detergents and any other chemicals which cannot be absorbed by the sewer system (See also CHEMICALS). Please check with the Bristol Harbour Water Works for a list of banned detergents and chemicals prior to the use of such.

**TENNIS** – See also PICKLEBALL. All players must place their names and start times on the control board located at the entrance to the courts when play starts. The control board is not intended for use as a

reservation system. Players that are using the court(s) who have not placed their names and / or times on the control board have no status on the court(s) and must yield. Start times originally placed on the control board cannot be altered /changed.

Playing times shall vary by distinction of participants (singles = 1 hour, doubles = 1 ½ hours). If singles players are joined for doubles play, the court use time is counted from the time the singles started. If others are waiting for the court, the time remains 1 hour.

All players must wear tennis shoes or sneakers in order to preserve the quality of the court surface. Additionally, shirts must be worn at all times when occupying a court.

The Recreational Committee may reserve the courts for special tournaments or round robins which will be advertised in the Villager and/or posted in advance in notices on the tennis and BHV bulletin boards.

Subject to availability of the courts, BHV homeowners may, with prior reservation and with the approval of the chairperson of the BHV Recreational Committee, have a scheduled group of eight for a round robin tournament using two courts for a 2 hour period, starting on or after 11:00 a.m. on weekdays, and 12 p.m. or after on weekends.

Weekday play (excluding holidays) may not be reserved. Courts may be used on a first come first serve basis by using the control board method referenced hereinabove. Groups that are asked to yield a court should be allowed to finish the game in progress. Specific schedules and applicable correlating timeframes shall be announced by the BHV Recreational Committee prior to the beginning of each season and further posted on the control board and at the Community Center for player reference.

All persons observing play, or waiting for a court shall do so quietly outside the court fence. Once available, and to avoid interrupting others in play, players are asked to use the door to the court they will be using, or have finished using. All of the courts have doors, so there is no need to cross courts in use to get to another court.

The tennis courts are for the purpose of playing tennis and pickleball only. Skateboarding, soccer, basketball, roller blading, etc. is prohibited.

Glass containers are not allowed on the tennis courts.

Pets are prohibited on the tennis courts regardless of the season.

Any person/persons utilizing the tennis courts for play at night, is responsible for turning off the court(s) lighting upon departure.

All matters of good sportsmanship and tennis court courtesy cannot be covered by a set of written rules. Consideration for others is basic to tennis court manners and it is expected that all players treat each other with mutual respect.

**TRAILERS** – See VEHICLES

**TRASH** – Trash is collected primarily at the condominium trash sheds and Recycling Center. Written approval may be required by the Environmental Committee and individual Homeowner Associations prior to placement of dumpsters or storage containers.

All trash, garbage and refuse which cannot be flushed through the sink disposal must be placed in a tied, plastic bag and taken to one of the collection points. Owners must inform tenants of their collection point.

Note: the only collection point for recyclables is in the Recycling Center next to the Community Center.

The trash sheds do not cover removal of heavy items such as appliances, old carpeting, bed frames, and debris from remodeling, or brush. The unit owner and/or contractor is responsible for such removal. (Also see GARBAGE).

Access to the Recycling Center requires an entry card. Contractors working on BHV property are not allowed use of an entry card for the Recycling Center.

**TREES** – The BHVA board and the Environmental Committee may make rules for preservation of trees and other natural resources; especially trees over 6” in diameter and other selected trees. Trees may not be cut without written BHVA Environmental Committee’s authorization. All stump’ must be cut and trimmed down to ground level.

After a 15-day written notice, the BHVA may trim and prune plantings on any lot if they are unattractive, obscure traffic, or are otherwise detrimental to adjoining properties.

Note: Anything growing over your property line, whether in the ground (roots) or in your air (branches) belongs to you and you have the right to trim it. You could, however, be responsible to your neighbor if your actions kill the tree. It is the responsibility of the homeowner to work with their neighbor on a resolution. The association does not have authority over this matter.

The trees lining the BHVA cliff below Cliffside condominiums are on condominium, BHV property, or marina property. Their environmental role in holding together the shale-covered cliff is paramount. Next in importance for the Village, as a whole, is their landscape function of hiding the condominium bases from view of boaters, swimmers, and neighbors at Seneca Point, across the lake, and next door. The document constitutes a long-term environmental strategy. It is balanced and seeks to preserve and enhance the attractiveness of our natural surroundings, while still maintaining lake views for residents. This is accomplished by a program of periodic professional environmental attention, to be reviewed each year. The trees are culled if necessary, their side branches pruned and / or trimmed, and supplemented by low-height soil retaining plantings. This planned overall approach is based on professional advice of experts such as Ontario County Soil and Water Conservation District.

Individual owners of condominium units may not trim any trees themselves. Comments or complaints should be addressed to the appropriate individual condominium associations.

**TV CABLES** – (Also see ANTENNAS) Like other utilities, television cables run through easements through BHV, condominium and private property. The cable television company’s personnel have the right to

enter these easements to erect or maintain the cables, junction boxes, and cable accessories. Cable and telephone lines for the condominiums are in the chase ways and are not accessible to service representatives after 4:30 pm on weekdays or all day on weekends. For access to private property, the cable company needs permission from the property owner.

**VEHICLES** – In accordance with the definition and /or description in the Vehicle and Traffic Law of the State of New York, only legally registered, non-commercial vehicles shall be permitted to use the parking areas and roadways of the BHV.

Legally registered, non-commercial vehicles include:

- Passenger cars
- Suburban and station wagons
- Vans
- Pick-up trucks - 1 ton payload capacity (or less)
- Motorcycles

Prohibited vehicles include (but are not limited to):

- Boats

- Dump trucks, delivery trucks, and commercial vehicles exceeding 1 ton payload capacity
- Un-registered vehicles
- Vehicles with “For Sale” signs
- Vehicles with flat tires or on “blocks” or ramps.

1. At a homeowner’s request, the Property Manager may issue a permit to allow a BHV homeowner the right to park a prohibited vehicle on BHV premises in a location to be designated by the Property Manager and for a period not to exceed 5 days. A signed parking tag must be obtained from Crofton Perdue and displayed on the vehicle for the timeframe (not to exceed 5 days). A BHVA Boat, Boat Trailer or Prohibited Vehicle Form can be filled out at BHCC or [www.CroftonInc.com/bristolharbour-village-association](http://www.CroftonInc.com/bristolharbour-village-association).
2. All vehicles permitted on BHV property must be equipped with properly functioning mufflers in compliance with local and state laws.
3. No unlicensed operator shall operate a motor vehicle or golf cart anywhere on the BHV property.

**WEAPONS** – See FIREARMS & FIREWORKS Provisions of New York State, Ontario County, and the Town of South Bristol laws also apply.

**WILDLIFE** – In keeping with BHVA’s goal of enhancing leisure time enjoyment through natural surroundings, some of our rules protect the local wildlife, which is an integral part of those surroundings. In accordance with DEC recommendations, residents are urged to revere the “original inhabitants” of our environment and not feed the local wildlife.

## **APPENDIX A: Bristol Harbour Community Center - BHCC**

### **Mission Statement and History**

***“The Bristol Harbour Community Center is to be used to promote recreational, social, and educational activities for residents of Bristol Harbour Village.”***

Residents of Bristol Harbour have long recognized the uniqueness of the Finger Lakes area and Bristol Harbour Village. One of the qualities that give our village a special charm is its commitment to community life and its rich tradition of social and cultural activities. As early as 1971, residents recognized the need to provide a facility that would promote and enhance the community. The need was met with the construction of the 2,200 square foot Caprini Center.

In the past 10 years, Bristol Harbour Village has witnessed an upswing in population and the construction of many new single-family homes. The Caprini Center was no longer adequate to fill the needs of the community as outlined in the mission statement. In October 2006, the residents of the community overwhelmingly agreed to fund the construction of a new community center for \$500,000. The new 5,650 square foot Bristol Harbour Community Center (BHCC), located on the site of the former Caprini Center, was officially opened on September 2, 2007. Today, the center serves as a place for community meetings, recreations activities, family gatherings, and educational programs.

### **THE FACILITY**

The Bristol Harbour Community Center is a smoke-free building that offers a free Wi-Fi Internet connection. For a username and password, see the information placard located on the table in the Founder’s Library. The BHCC consists of the following facilities:

On the main level:

The Bernice J. Caprini Great Hall, located on the first floor, is a 29 x 20 foot room with the capacity to hold 50 people for meetings and parties. It has a cathedral ceiling, oversized stone-gas fireplace and large windows with sweeping vistas of the hills and the lake. The hall is suitable as a gathering place for the community, or a reading and relaxing area with full access to bathrooms and a kitchen. Furniture is arranged to promote socialization and should be replaced to its original position after use.

The Titus Meeting Room, also located on the first floor, is a 24 x 20 foot room with the capacity to hold 72 people for large meetings, family gatherings, and educational forums with full access to bathrooms and a kitchen. The kitchen door and serving window make this room appropriate as a staging area for serving food.

The Kitchen is 75 square feet and contains an oven, a microwave, a refrigerator, and a dishwasher.

A Conference Room is suitable for small meetings up to 10 to 12 people at a table.

The BHVA Office provides administrative space.

Donations of newer and "best-selling" books are always accepted.
